

## HERE AT PLUKD, OUR MISSION IS SIMPLE...WE WANT TO SERVE YOU THE BEST PLUKIN' WINGS IN TOWN!!

Our wings are hand rubbed with our unique blend of herbs and spices...before we "twice fry" them to crispy perfection and "toss" them in one of our signature sauces.

We don't Pluk about with our food. We believe in 100% ethically sourced, British chicken. Animal welfare is important to us because we understand a happier chicken is a tastier chicken.

## WHAT DO WE MEAN?

### "TWICE FRY"

First we start the cooking process by frying our wings at a lower temperature. We then pause half way through and allow our wings some rest & relaxation time. This resting time is very important as that's when our wings lose any unwanted moisture. Next we fry our wings a second time at a much higher temperature.. this is when they get extra crispy!!!! (We do the same to our skinny fries too!!)

### \*ALLERGY WARNING\*

Some of our food and drink products may contain some of the following allergens: Cereals containing wheat, crustaceans, eggs, fish, peanuts, soya, milk, nuts, celery, mustard, sesame or molluscs. If you would like more information about allergens, or you have any other special dietary requirements, please talk to a member of staff when placing your order.

### "HAND RUBBED"

At Plukd, we think it's important to do things the proper way. No machines, no mass production, just our hard working team, doing things by hand, taking their time to get it right. You can literally taste the love in each bite.

### "TOSSED"

We make sure our wings are fully coated in our signature sauces by tossing them up in the air with the sauce to ensure distribution of the sauce.. but don't worry, our trained staff know how to catch them on the way back down!!!
